

## About the Indian River Regional Science & Engineering Fair Program

The Indian River Regional Science & Engineering Fair Program (IRRSEFP) is a comprehensive program that is the driver of science curriculum in Indian River County. Students from public, private, parochial and home schools participate in school based fairs and science outreach programs. Nearly 600 students compete at the annual regional fair.

### Program Services:

The IRRSEFP offers every student in Indian River County an opportunity to advance their skills, to receive recognition and to gain college scholarships. The program strives to provide

- Support for local school science fairs.
- Teacher development and training.
- Science Outreach Programs
- Recognition and awards for students in Kindergarten - 12<sup>th</sup> grades.
- Student internships
- Scholarships for participation in state and international competitions.
- Scholarships for college.

### Program Goals and Objectives:

- Promotes participation of economically disadvantaged students through outreach programs.
- Increase a student's ability to plan, organize, and follow through on the execution of a science project. This process hones life skills for future success.
- Increase science, written and oral communication skills.
- Provide teachers with ideas and resources to incorporate science into all learning disciplines.

## Sponsoring the Indian River Regional Science & Engineering Fair

The Indian River Regional Science & Engineering Fair (IRRSEF) is an important county-wide program that has served the children of Indian River County for over 18 years.

The Education Foundation is the only education foundation in the State of Florida to administer a regional fair. The IRRSEF is funded entirely through private donations and grants.

We invite you to partner with us as we administer this year's program. Your support will ensure nearly 600 students participate at the regional level. It also helps us fund scholarships to the state and international science competitions.

Join us as we provide educational enhancements through the IRRSEF in science research, reading, math, writing, public speaking and design for the students of Indian River County.

All contributions are tax deductible as allowable by law. Documentation of the sponsor's gift will be provided by the Education Foundation of Indian River County, Inc., a nonprofit corporation with 501(c)(3) tax-status: #59-3118402

## 2010 IRRSEF Sponsorship Opportunities

### Major Presenter: \$5,000 Donation
