

Intel International Science and Engineering Fair (ISEF) Flowchart

Forms Required for all Projects:

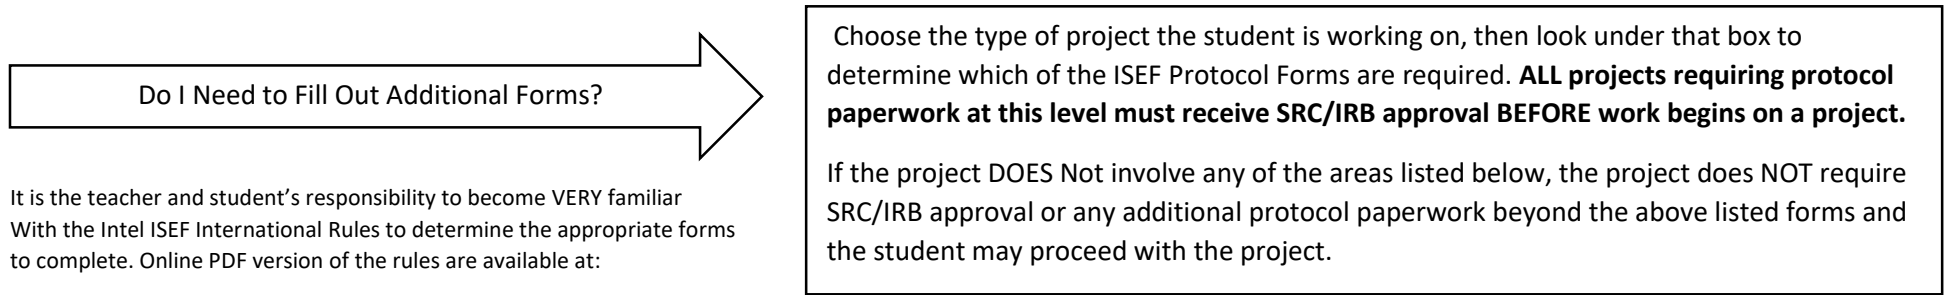

Required: Form 1: Checklist for Adult Sponsor Form 1A: Student Checklist Research Plan (attach separately) Form 1B: Approval Form

Abstract: On Official State Form

If Applicable: Form 3: Risk Assessment Form 1C: Regulated Research Institution Form 7: Continuation/Research Progression Form

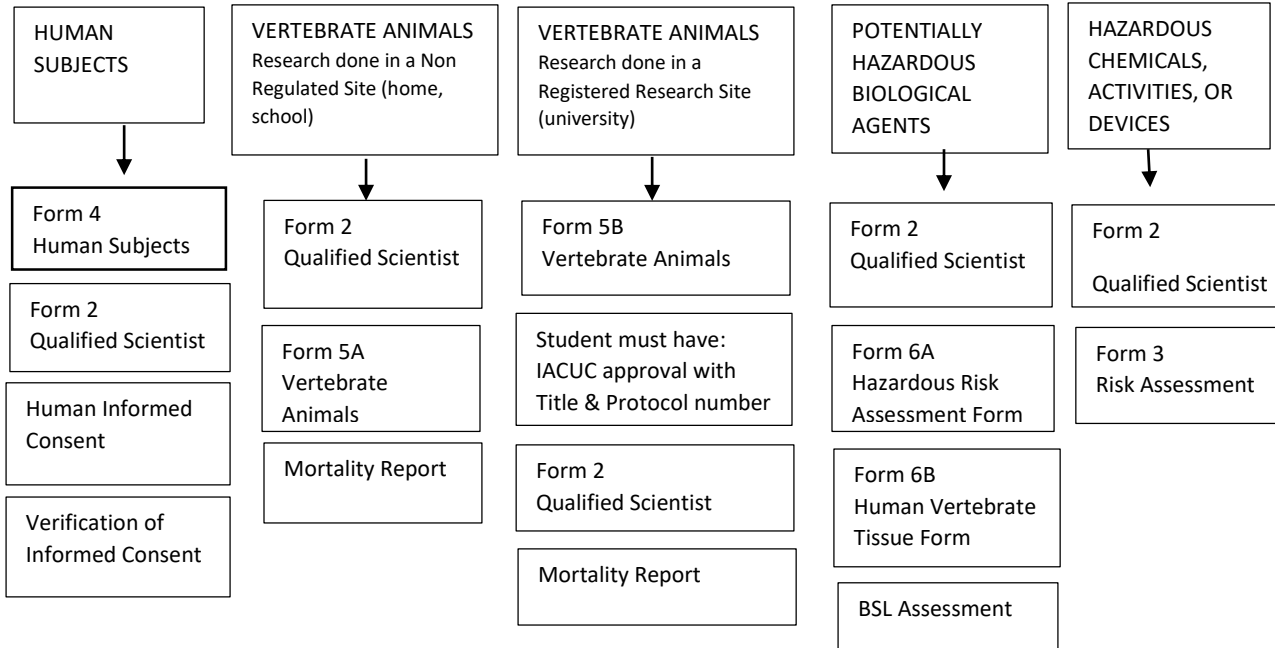

Be sure to check all appropriate boxes, obtain all required signatures with dates, and include projected start and end dates.

Remember that any project that involves Humans, Vertebrate Animals, Potentially Hazardous Biological Agents, & Hazardous Chemicals, Activities or Devices will require SRC/IRB Review Committee approval BEFORE EXPERIMENTATION can begin and most likely requires additional protocol paperwork as indicated below:

It is the teacher and student's responsibility to become VERY familiar With the Intel ISEF International Rules to determine the appropriate forms to complete. Online PDF version of the rules are available at:

<https://student.societyforscience.org/international-rules-pre-college-science-research>

Remember: Any project that requires protocol in addition to Forms 1,1A,1B & Research Plan MUST be approved by a local SRC/IRB BEFORE data collection can begin.

Regional and State competitions reserve the right the right to disqualify projects that are not properly reviewed **PRIOR to experimentation** beginning as well as adequate supervision has been provided.

If you have any questions about any forms, please try the Intel Rules Wizard <https://ruleswizard.societyforscience.org/>. Once you have checked with the Intel Rules Wizard and you are still not sure, please contact your Science Fair Coordinator.
